Stars of the Week

Well done to Tate, Simone, Evie, Chantelle and Rosie in the Juniors for achieving Star of the Week. Well done to Anabelle, Dylan and Caden for achieving Star of the Week in the Infants. Well done to Lukeyta for work of the week.

KS1 Toilet Accidents

KS1 have now used up all their spare underwear and trousers. If your child is prone to accidents, please ensure you always have two or more spare changes of clothes in school at all time. Thanks

From Mrs Whitlock

This week we have started work on the singing for the Christmas play, and the songs are coming along really well. You are in for a treat on Thursday 15th December when you come along to see the finished piece of work!

Children In Need

I was sad to miss assembly on Friday, full with a variety of teddies and bears, but thank you for your donation of £50 that we were able to send off to Children In Need. A great effort everyone, and all for a good cause.

Miss McCready

This week we were joined by Miss McCready, a student who has been working with us in the

Juniors. She will be back for a week in January and then a longer placement in the summer terms.

Disco

Next week is the disco at Men's Own Rugby Club, and we are looking forward to a good night of dancing, led by our excellent DJ Terry. I hope you are able to come and join in the fun. Tickets are £2.50 each and the disco is from 6pm - 9pm.

Have a lovely weekend,

Mrs Whitlock

Junior News

Junior topic homework

This week, the juniors do not have a science homework. Instead they have been given their line (or short paragraph) to learn. They need to be word perfect by next Thursday (1st Dec), when we will be having a read through of the play. It is a very short, simple nativity so there are very few lines but plenty of songs to sing for everyone. The children also need to know what comes before them so they know when to come in! If their line is at the top of a page, they can come and check the script with one of the members of staff to see who comes before.

Electricity topic

The juniors have been having fun investigating circuits in class with various challenges. Do ask them what they have been learning. Thank you very much to Mr Martin Hall - an electrician and Lucy's dad- for coming in to talk to the class about electrical circuits in the home. We do appreciate him given up his time to come and talk to us. We learnt a lot.

Stationery

Mrs Young did a stationery check on Monday and most of the children had a complete set! Thank you for your support with this.
